### Introduction

The new creative marketing application for professional DVD production projects, videography and product profiles, videography and products with severe integration with Photoshop, and more. Contact us for you! We're design, agencies/producers, videographers and products, and service providers at

▸ HOME ▸ About HISCO ▸ **Introduction**

Sincerely Yours,  
Yang, Kyeung Don  
President & CEO, HISCO

Established in 1970, **HISCO** has provided industrial measuring products for the international as well as the domestic market. **HISCO** supplies products to the industrial process instrumentation market, which covers a range of pressure, temperature and flow measurements. Applied industries include chemical and petrochemical processing, pulp and paper, food and beverage, and utilities. For many years, we have offered the marketplace leading products and services in Korea.

We strive to meet customer expectations in all aspects of product reliability, performance, delivery, and service. By working together and by offering timely, complete, and accurate information, **HISCO** can help you reduce costs, remain in compliance and manage your process better.

An aspiring company, **HISCO**, welcomes product reviews from prospective customers and is looking forward to serving you in the near future.

## 2000's

- 2009 12 Awarded prize in Accurate Industry development convention.
- 2008 05 Obtained NEP Mark of SF-6 Gas Density Monitors(No. NEP-MKE-2008-025)  
01 Registered a patent of SF-6 Gas Density Monitor(Patent no. 10-0796328)
- 2007 06 Released Digital SF-6 Gas Density Monitor

- 05 Obtained on Certificate of KS(®) (China Shanghai)
  - 2006 09 Re-designated Middle company of technical innovation(INNO-BIZ) by SMBA
  - 06 Registered on KHNP(Korea Hydro & Nuclear Power Co., Ltd ( T-Class )
  - 01 Established corporation in CHINA[HISCO CHINA]
  - 2005 08 Developed on Digital SF6 Gas Density Monitor
  - 2004 06 Technology Collaboration with HYODA Instrument Co., Ltd. In Japan(SF6 Gas Density Monitor)
  - 2003 11 The 1st Awards on The 33th Accurate Industry development Convention
  - 10 Obtained NEP Mark of SF-6 Gas Density Monitor Switch
  - 09 Obtained JIS Mark from KSA
  - 09 Designated Middle company of technical innovation (INNO-BIZ) by SMBA
  - 03 Developed SF-6 Gas Density Monitor Switch
  - 2002 04 Obtained Certification of KOLAS "National Calibration Center"(Pressure, Vacuum, Temperature parts)
  - 2001 11 Awarded New Technology Develop Competition by the Ministry of Commerce, Industry and Energy
  - 11 Obtained EM Mark of Deadweight Testers from KATS
  - 09 Renamed as HISCO Inc.
  - 04 Developed Ultrahigh Dynamic pressure calibration system(70,000 psi) in Korea
  - 2000 12 Obtained a patent of Deadweight Testers contactless drop distances measurement equipments
  - 04 Established R&D Center
- 

## 1990's

- 1999 07 Entered into a Technical Collaboration Agreement with Q. S. A, Inc, in U.S.A.

- 06 Started to develop "Humidity Sensors" with Industry Instrument team of KTL(Korea Testing Laboratory)
- 03 Started to develop "SPRT" with KATS(Temperature parts groups)
- 02 Registered as cooperation company of Kepco
- 1998 11 Awarded Gold medal Prize on "Korean Precision Technology Contest" with Pressure Deadweight Tester
- 09 Completed developing "Pressure Deadweight Tester" with KRISS(Pressure parts groups)
- 06 Developed to manufacture Digital Pressure Indicator
- 04 Awarded "Prize from "Minister of Science and Technology" on "The 31th Scientific Day"
- 02 Selected as superiority of collaboration by Samsung Engineering
- 02 Registered as cooperation company of LG engineering
- 02 Designated as a "National Calibration Center" by KOLAS (Temperature Gauge parts)
- 1997 11 Designated as " '97 a promising minor enterprise" by SMBA
- 10 Selected as non-inspection company of Samsung Engineering
- 05 Designated as "Prospective Advanced Technology Company" by SMBA
- 04 Obtained ISO 9001 Certificate from SMICC
- 10 Pass the Explosion proof type electronic machine of temperature sensor (Korea Industrial safety labor researcher)
- 1996 09 Selected as superiority of collaboration by Samsung Engineering
- 1995 05 Started to manufacture Digital Temperature Indicator & controller
- 02 Designated as a "National Calibration Center" by KOLAS(Pressure Gauge parts)
- 1994 12 Selected as Military Service Exception Firm , (MMA)
- 1993 07 Started to manufacture Micro Switch Type Pressure & Temperature Switches
- 03 Registered as Quality technical (central promotion center of Quality system)
- 02 Selected as superiority of collaboration by Samsung Engineering

- 1992 02 Started to manufacture Differential Pressure Gauge & Pressure Switch
  - 1990 02 Started to manufacture Industrial Purpose Thermocouple, Resistance Bulb
- 

## 1980's

- 1988 09 Designated as "A promising minor enterprise" by machine laboratory.
  - 1986 02 Obtained KS(Ⓢ) mark from KSA
  - 1985 06 Designated as "A promising minor enterprise" by MEST
  - 1983 11 Started to manufacture Temperature Sensors (Thermocouple & RTD)  
11 Build an extension (total floor area : 159,7m2 )
  - 1982 08 Entered into a Technical Collaboration Agreement with Asahi Gauge Co., Ltd. in Japan
  - 1981 11 Started to manufacture Industrial Purpose Temperature Gauges
  - 1980 02 Renamed as HYUPSUNG Instrument Ind. Co., Ltd.
- 

## 1970's

- 1978 06 Announced Technical Collaboration Agreement with Yokoda Electric Works Ltd. in Japan
  - 1974 10 Converted into a corporation
  - 1970 06 Established HYUPSUNG Works Co.. Ltd.
- 

PROVIDES VARIETY OF  
PRODUCTS AND SERVICES
